BASIC PRIME

Basic Prime White is a Water-based 1K as our offering for pure-white wood primers, providing high covering power and fast drying times with only the highest quality to spare.

Basic Prime White is a single-component water-based primer. Viron has constantly strived to galvanise the industry with the manufacture and sale of water-based coating systems, prioritizing environmental sustainability and eco-friendliness above our competition.

We are confident that Basic Prime White is the most versatile and multi-use primer on the market. It provides a smooth finish to doors and paneling that is second to none at this price range, and is applicable via manual/auto-spray, profiles, and paneling.
